This year had some new challenges with the pandemic. We weren't always able to meet in person so we had to meet via zoom. With all the challenges of the pandemic life was changed for everyone including the church. Thank you to the Board Members for your incite as we faced this challenge. Thank you to the Church Family for your faithfulness. Even with all the challenges that laid before us GOD was FAITHFUL. HE provided for the financial needs of the church through the giving of HIS people. HE provided ways for the church to continue ministering to the community through the food trucks and etc.

The biggest project that came about this year was the Boiler for the CMC/Annex.

Thank you for your patience and for your help as we continue to finish up the foyer.

Always continue to PRAY for the Board along with all other committees that GOD will direct them.

Scott Boshaw, Board Chairman
